WAREHOUSE BEING BUILT

SIMON BROTHERS COMPLETING A
BUILDING ON EAST FRONT
STREET.

The new warehouse building which was started some weeks ago by Simon Bros. is practically finished and will be ready for use in a few days. It is located on East Front Street in the 900 block. It is 66 feet wide by 75 feet deep and will have track frontage. It will be divided into four rooms, two of which the Simon Bros. firm will occupy and two will be for rent. The building is well finished being built of Harn & Farris Cement Brick in natural color. It is located so that it will have plenty of driveway space on the east and south while the tracks will come right up to the building on the north. It is a one story building with fourteen foot ceiling enabling the one roof to cover a large amount of storage space.

In order for a city to be a distributing point it must have storage space where consignments can be placed during distribution. Every firm cannot afford to own a storage plant but it can afford to pay the storage charges on local consignments which are received in carload lots although it may take months to dispose of the goods at retail.

The Simon Brothers firm carries a large amount of raw material and furnaces which are received in carload lots and it aims to take care of these goods in its own plant. The space was built with the idea that as the business expanded it would finally take over the whole building but until then, the space in excess of their needs will be rented. This supplies a need which will help North Platte to grow.

All Union Barber Shops will close at noon Friday for the rest of the day.

Mr. and Mrs. William Thompson were business visitors in the city Monday.

GUY DRAKE KILLED IN THE LOCAL YARDS YESTERDAY.

Guy Drake, a switchman in the service of the Union Pacific at this place, was almost instantly killed yesterday morning when caught between a string of cars which he was coupling. Responsibility for the accident has not yet been placed but it is said that a passenger engine bumped into one end of the string of cars when a switch engine was at the other end. The injured man was found almost at once and rushed to a hospital but died in a few minutes. His brother Leo was out of town but came on the first train and this morning the body was taken to York, Neb., where interment will be made. His parents live at Kearney.

AEROPLANE AND AUTO IN MIX-UP AT JULESBURG, FRIDAY.

An aeroplane driven by one of the North Platte Aircraft Co.'s men was seriously damaged at Julesburg Friday while doing some stunts at the Fair there. It seems that the stunt was for the plane to drop a rope ladder to one of their men who was in a rapidly moving auto on the race track. The ladder caught on the rear end of the auto and tipped it over at the same time driving the front end of the aeroplane into the ground. No one was hurt and the plane was loaded onto a truck and brought to North Platte for repairs.
